COPY 2 OF 2

4 August 1959

Reference: 9005-59-8

Dear Jim:

In checking the file I find that the last overtime coverage we have is through 31 March 1959. The actual overtime hours expended from 31 March 1959 through 31 July 1959 was 75.5 hours. This was required to enable us to keep on schedule.

May we have your approval of this overtime as a direct charge to the contract.

In the next few days we will request approval from you for the anticipated overtime hours requirement for the month of August 1959.

Very truly yours,

STATINTL
